OUR OPPONENTS

Good afternoon and welcome to Bradford Dragons' inaugural home fixture at their new home, Calderdale College's Inspire Centre.

Today we are visited by a traditional Division One powerhouse, Reading Rockets. Coached by Dan Pearson and, with the experienced ex- GB Basketball legend Dan Lloyd as his assistant, Reading always bring a wealth of experience and talent with them.

This year, the Rockets have made a slightly slower start than usual, and currently sit ninth in the table with a five win, three loss record. Their last outing was a convincing 112-76 thumping of Oakland Wolves; scoring leaders were Sam Toluwase with twenty-two points (in 25 minutes), and Tyler Cartaino and Meshack Lufil with twenty each. It is significant that Reading won every quarter in the game with a substantial sixty-two points coming from inside the paint.

The Berkshire side look like they are starting to gather a little momentum, with games in hand; something that Chris Mellor and his squad will be keen to halt.

Enjoy the game!

Michael 'Tommy' Thompson

COACH'S COMMENT

Good evening and welcome to today's fixture against Reading Rockets, at our new home here at the Inspire Centre, Calderdale College

The partnership between the club and the college has been instrumental in making this our new Dragons Den and we hope that we can really build a strong fan base with a family atmosphere here on game nights

Reading are a having a good season under their new head coach Dan Pearson and they will certainly provide a good test for us this afternoon.

Unfortunately, yesterday's fixture against London Lions had to be postponed, due to a covid outbreak at the Barking Academy. That fixture will now be rearranged for another date.

We had a poor start to the season but our four wins on the bounce and the performance at Solent last Saturday has us moving in the right direction.

Thanks for your support and enjoy the game!

Chris Mellor

A MESSAGE FROM OUR HOSTS

It gives me great pleasure to welcome all involved for a new beginning here at The Inspire Centre Calderdale College. We are extremely proud to host the Dragons for their home games and wish them the very best of luck for the rest of the season.

I also hope that anybody visiting us from Reading enjoys the game with us this weekend – We aim to provide an excellent family experience for all the spectators and expect to gain a positive reputation across the season.

The Bradford Dragons Basketball Academy, which is based here at the College are enjoying an unbelievable season up to press: Unbeaten in the league, through to the last 16 of the cup, whilst also qualifying for the Nationals—which has never been done before. Coach Mellor has been inspirational throughout and I can certainly see the synergy between the Academy and the pathway to the first team with the likes of Jabari and Femi both having a taste of NBL Division One this year already.

I hope everyone reading this enjoys the games and I wish the team and supporters from Reading a safe journey home.

Good luck to Coach Mellor and the team this weekend and I am sure we will enjoy this journey together!!

All the best

Craig Waterworth

Inspire Centre General Manager

CAPTAIN'S COLUMN

It was August in 2012, I just got off my first trans-Atlantic flight from Philadelphia to Manchester. Wandering around like a lost tourist, I meandered onto the train from Manchester Airport to Bradford Interchange (accidentally buying a first-class ticket). Upon arrival, Coach Mellor greeted me and treated me to lunch at the now closed (but often-visited) Westleigh Hotel. Less than one hour later, I was dripping sweat and shooting midrange jumpers in the same outfit I flew over the ocean with. We were at Bradford College; Rihards Sulcs, Dut Malek, and Coach Mellor. Here, I was introduced to what Bradford Dragons Basketball is all about.

Now 10 years later and I proudly still remain a Dragon. Our club has a saying: One Club One Family. This saying has a special meaning for me. Considering I met my wife through the club and we now have a little Dragon of our own.

Coach Mellor would be the first one to tell you: we have players who 'get it'. It's hard to explain but more easily felt. It is getting up at 5am to make 7am training sessions, it is during a game when you see a player dive on the floor for a loose ball, or when someone misses a jump shot and still be the first to sprint back in transition, or when four guys run over to help up whoever just took a charge; it is that toughness. That is Dragons basketball, and now *you* get it. Why do we retain so many players year after year? It is our culture of togetherness that brings about our continued success.

Last year, when the pandemic hit, we were faced with no other option but to adopt a home court in Nottingham. What may have been foreshadowing, at that time the club continued to be One Club One Family. Likewise, no matter where our home court is, we will remain the Bradford Dragons Basketball Club.

Therefore, we open a new chapter this weekend, welcoming you all into our new Dragon's Den at the Inspire Centre, Calderdale College!

Enjoy the games.

ACADEMY

LEARN WITH THE BRADFORD DRAGONS

In partnership with Calderdale College, we bring you our Elite Basketball Academy. The partnership offers a unique opportunity and pathway in which 16-19 year olds can progress to an NBL level side whilst gaining an education.

THE PROGRAMME

The Academy allows student athletes studying at Calderdale College to begin their basketball career with an NBL Division 1 league club, whilst gaining a nationally-recognised BTEC qualification.

Students enrolled on the programme will benefit from training on site, in state of the art facilities at the Inspire Centre, Calderdale College.

These include a double sports hall, an elite strength and conditioning and fitness suite shared with elite athletes.

Players will receive ample contact time with UKCC accredited coaches in a timetable which is structured around their academic learning, ensuring the correct balance of time to complete academic work and training.

Benefits Include

- 4-6 hours of weekly training delivered by a team of highly qualified UKCC coaches from Bradford Dragons.
- Specialist coaching sessions looking at specific technical and tactical aspects of basketball, leading into regular fixtures in the AoC competition calendar.
- Weekly strength and conditioning sessions with qualified coaches along with nutritional seminars and advice.
- Help towards achieving a scholarship to carry on playing and studying in the USA.

CONTACT

Please contact sportsacademies@calderdale.ac.uk for further information about the programme.
